

**Responsible Use of Pesticides and Container Management project, East Godavari District
Andhra Pradesh, India**

Objectives:

- (i) To Spread Awareness about safe disposal and management of empty pesticide containers and demonstrate industry's commitment to environmental health & sustainable agricultural practices.
- (ii) To also educate and train farmers on Responsible Use and Secure Storage of CP Products in the context of IPM.
- (iii) To transfer the package of practices to the State Government for continuous implementation with industry support.
