1. INTRODUCTION

The crop life project entitled “Responsible Use of Crop Protection Products in Mango and Litchi for Farmers Safety, Pollinators Conservation and Enhancing Yield of the Crops in West Bengal and Bihar” is started from April, 2019 onwards. The project is smoothly running in different parts of Malda districts and several ventures has implemented through this project i.e. survey, awareness, training and input distribution.

2. OBJECTIVES:

1. Create awareness and establishment of demonstration blocks on Responsible use of crop protection products for safety of famers and higher yield of quality produce of Mango.
2. Establishment of farmers and dealers linkage for promotion of Responsible use of Plant Protection Products and Good Agricultural Practices (GAPs) in Mango.

3. PI & Co-PI:

6. AREA COVERED:

- **Malda district (W.B.):** A survey in the mango growing belt of 78 villages of 5 blocks of Malda district was conducted in the last one year.
- **Murshiadabad (W.B.) :** Will be covered in next season.

7. Progress: A series of awareness programme at 78 villages of 5 blocks of Malda district were conducted regarding responsible use of plant protection products for safety of farmers, pollinator's conservation, higher yield and quality of mango. The total of 57 awareness cum training programmed were conducted which benefitted approximately more than 1318 mango growers including men and women. Out of those we have documented the 563 custodian mango farmers. Beside this a big programme was conducted with more than 400 farmers i.e. Mango grower's conclave and inauguration of crop life project" on 26 June 2019. In this programme Dr. P.K. Chakarborty (Hon'ble Member, ASRB, Govt. of India) was the chief guest. Other dignitaries were Shri Subrata Mandal (Chief General Manager, NABARD), Dr. Robert Spooner Hart (Western Sydney University, Australia), Dr. Amitava Sanyal (Sumitomo Chemical India Ltd.), Mr. Himanshu Mondal, Dr. Pranab Chattopadhyay, Dr. Ashok Yadav, and Mr. Satish Kumar Singh. The other major outcome of the projects are as follows

- Developed the WhatsApp group of progressive mango farmers to support them for adoption of Good Agricultural Practices on Mango

- Conducted more than 57 trainings and awareness programme regarding responsible use of plant protection products for higher production of quality mango.
- The major mango disease like, anthracnose, sooty mold, die back and shoulder browning have been observed, whereas few other minor diseases i.e., powdery mildew, mango scab, canker and malformation have also been noticed.
- Among pest, hopper, fruit borer, fruit fly, thrips, mealy bugs, leaf webber, shoot borer, leaf gall and hairy caterpillar were observed as the major pests, whereas stem borer, stem gall, red ants, mites, bark eating caterpillar, scale, leaf minor and semilooper were noted as minor pests of mango.
- The other major problems like, poor quality of mango, less market price, poor shelf life after harvesting and unawareness about dose and time of pesticides and fungicides application.

8. Activities undertaken : Following activities have been undertaken to implement the project effectively

- Awareness cum training programme have been conducted on Good Agricultural Practices on Mango and judicious use of plant protection products
- Identification of progress mango growers as AAM SEVAK to raise the flag of CropLife project at different parts of Malda and adjoining districts.
- Baseline survey has been conducted by taking responses from 576 mango growers from various mango growing belts to understand the present scenario of mango cultivation in Malda district.
- Identification of places for AAM PATHSALA to be conducted to have information education on Sustainable Mango Production.
- Develop mango growers and input dealer's linkage, where 80 distinguish dealers involved in the project to cater need based technology dissemination and support to mango growers.
- Orchards have been identified for establishing model mango orchards

9. Budget

- Amount received : Rs. 646800.0
- Amount unutilized: Rs. 1073

10. Target Achievement: The project has attained the target as set earlier and will achieved the remaining targets in left time.

11. Appendices

1. List awareness programme schedule of conducted among the mango farmers
2. List of custodian mango growers as AAM SEVAK.

The project has been implemented seriously at first phase as per scheduled activities after initiation of project work in June, 2019. Although, we could able start the work in full swing from October, 2019 onward. In between, we could not able to perform any activities since third week of March, 2020 due to COVID pandemic. Now, situation is getting normalized and we are in position to start the activities as per project document.

We are sure that the aim and goal of the project will be achieved within the time frame. It would be nice if we make a time frame and reporting system for this project in coming days.
